

We don't usually write testimonials but after our first month in our Bowlus Road Chief we just had to let you all know just how happy we are with our decision. What a breeze to drive, and operate. The continuous hot water and super large shower is the perfect end to our day. Our beautifully appointed cocoon of a bedroom delivers us a consistent perfect night sleep. Our only regret was waiting five years to buy a Road Chief - our biggest mistake ever! Order yours today!
